

Facts For Sick Women

We know of no other medicine which has been so successful in relieving the suffering of women, or secured so many genuine testimonials, as has Lydia E. Pinkham's Vegetable Compound.

In almost every community you will find women who have been restored to health by Lydia E. Pinkham's Vegetable Compound. Almost every woman you meet has either been benefited by it, or knows some one who has.

In the Pinkham Laboratory at Lynn, Mass., are files containing over one million one hundred thousand letters from women seeking health, in which many openly state over their own signatures that they have regained their health by taking Lydia E. Pinkham's Vegetable Compound.

Lydia E. Pinkham's Vegetable Compound has saved many women from surgical operations.

Lydia E. Pinkham's Vegetable Compound is made exclusively from roots and herbs, and is perfectly harmless.

The reason why it is so successful is because it contains ingredients which act directly upon the female organism, restoring it to healthy and normal activity.

Thousands of unsolicited and genuine testimonials such as the following prove the efficiency of this simple remedy.

Minneapolis, Minn.:—"I was a great sufferer from female troubles which caused a weakness and broken down condition of the system. I read so much of what Lydia E. Pinkham's Vegetable Compound had done for other suffering women, I felt sure it would help me, and I must say it did help me wonderfully. Within three months I was a perfectly well woman."

"I want this letter made public to show the benefits to be derived from Lydia E. Pinkham's Vegetable Compound."—Mrs. John G. Moldan, 2115 Second St. North, Minneapolis, Minn.

Women who are suffering from those distressing ills peculiar to their sex should not lose sight of these facts or doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

When You Think

Of the pain which many women experience with every month it makes the gentleness and kindness always associated with womanhood seem to be almost a miracle. While in general no woman rebels against what she regards as a natural necessity there is no woman who would not gladly be free from this recurring period of pain.

Dr. Pierce's Favorite Prescription makes weak women strong and sick women well, and gives them freedom from pain. It establishes regularity, subdues inflammation, heals ulceration and cures female weakness.

Sick women are invited to consult Dr. Pierce by letter, free. All correspondence strictly private and secretly confidential. Write without fear and without fee to World's Dispensary Medical Association, R. V. Pierce, M. D., President, Buffalo, N. Y.

If you want a book that tells all about woman's diseases, and how to cure them at home, send 21 one-cent stamps to Dr. Pierce to pay cost of mailing only, and he will send you a free copy of his great thousand-page illustrated Common Sense Medical Adviser—revised, up-to-date edition, in paper covers, in handsome cloth-binding, 31 stamps.

THE LEAGUERS HAVE NO MONEY

Independence League Is Practically Defunct Now as It Is, in Effect, Under the Control of Tammany Hall.

New York City.—The political outlook now centers upon the probable action of William Randolph Hearst. It is generally believed that he will proclaim himself a candidate on an independent ticket at once and that an agreement will be reached between Mr. Hearst and the Republican campaign managers by which the ticket Mr. Hearst heads will contain the names of the fusion candidates for the other city and Manhattan borough and New York county offices.

Mr. Hearst is not anxious to oppose Justice Gaynor, who has long been his friend, but he is anxious to beat the Tammany ticket in New York county. Four years ago Mr. Hearst, through a close friend, asked Justice Gaynor to run for the mayor on the Independent League ticket and when Justice Gaynor refused, Mr. Hearst ran himself.

There has been a serious hitch in the plans of the men who are trying to persuade Mr. Hearst to enter the campaign over the campaign fund. Mr. Hearst has positively declared that he will not put up five cents for campaign expenses. His Independence League has no money and is practically defunct because it is now under control of Tammany Hall leaders who stole the machinery at the last primary election.

Mr. Hearst was told a few days ago that if he would put up half the necessary campaign fund certain independent outside interests would contribute the other half. He persisted in his determination to refrain from putting up anything at all. The outside interests have since volunteered to finance the campaign, but the amount they are willing to give up is not considered by Mr. Hearst to be adequate to the demands of the situation.

According to Charles F. Murphy, the men who are to put up the campaign fund if Hearst runs are Otto T. Barnard, Herbert Parsons, Timothy L. Woodruff and other Republican leaders. It is a matter of general knowledge that the Republican county committee was instrumental in getting up the mass meeting at which Mr. Hearst was nominated.

TOWN HEADS ARRESTED

Charged With Obstructing Federal Officers in Performance of Duty at Marshalltown, Iowa.

Marshalltown, Iowa.—Charged with conspiracy to prevent a federal officer from performing his duty, Mayor O. L. Ingele, Assistant Chief of Police Michael Clark, Sgt. R. G. Goodale and Officer Frank Haas of the city police department and Deputy Sheriff Charles B. Nason have been arrested by United States Marshal F. B. Clark of Ottumwa on indictment warrants from the federal court at Davenport.

With the city officials there were also arrested on similar charges Sam and Fritz Wedger, saloonkeepers; their bartenders, Leo McNamara and Scott Jones.

The arrests were the outgrowth of a case here September 25, when the police arrested the federal officers, who were trying to get evidence against Wenger for selling liquor to an Indian.

GRAFT LOST PORT ARTHUR

Engineers, Charged With Pocketing Fortifications Fund, to Be Tried.

St. Petersburg, Russia.—The government announced the personnel of a court of 10 members, five military and five civil officials, who will try the engineers who superintended the fortification of Port Arthur. The decision to try the engineers is the result of an official investigation just completed.

The engineers, the investigators decided, received enormous sums of money, which they pocketed, either doing nothing at all to strengthen the fortifications or throwing up defenses which generally had little or no economic value.

Friends of Gen. Stoessel, who was imprisoned for surrendering the fortress, claim the discovery completely exonerates him.

Origin of Word "Bible."

The word bible is derived from the Latin name biblia, which was treated as a singular although it comes from the Greek neuter plural, meaning "little books." This Greek diminutive was derived from byblus, or papyrus, the famous material on which ancient books were written. The title "Bible" was first used about the middle of the second Christian century in the so-called second epistle of Clement (xiv. 2).
